Thesis Abstract

Prophetic Traditions (Hadith) Attributed to the Prophet in "Huliat Al-Awliya" From Tawoos Bin Kisan Interpretation to the End of Musar Bin Kdam Interpretation - Compilation, Exegesis and Investigation

The thesis subject :

The definite department in the message address includes hundred and three and forty Hadith Marfu' Which support it Abu Na'im In the folds of this department from the book, and the causes kinds have become numerous in those talks then from them :

- Hadiths I support them with the difference between their narrators a raising and a stopping .
- Hadiths I support them with the difference between their narrators a receipt and a sending .
- Hadiths I support them with the difference between their narrators with increase or decrease in the attribution .
- Hadiths I ascend them with the difference between their narrators with the change of other place narrator without the Companion .
- Hadiths I support them with the difference between their narrators in the Hadith Companion .
- Hadiths I support them with the difference between their narrators by that one of the narrators monopolize the mixing between the narrators a disobedient to other .

And in each kind according to what preceded many forms .

And this part takes from the sheikhs ornament book the parts the fourth and the fifth and the sixth and until the newspaper seventy and two hundreds From the seventh part .

And the officer while from the Hadiths Almala studies that is which Abu Na'im stated its diseases, whether he was the vowelization from it or its transfer about other In those talks :

And he does not enter the study the talks that a phenomenon raised as double one of the narrators or presence of an apparent abandonment in Sind .

The importance of the subject and the reasons of its choice :

1-The subject formed that teaches a science amongst the more important sciences of the honourable Sunna and he is the Hadith diseases science .

2- The insufficiency of the scientific studies in the diseases science .

3-The need of the book of the sheikhs ornament to the service of a side from the more important sides that were characterised by them The book and he is the notification of some Hadiths diseases .

4-The showing of the efforts of the Hadith scientists In the examination of the talks and the study of its attributions.

5- My desire for the seeking more of the Hadiths diseases science, the interaction with a book is to an imam from the imams of this affair that earned the researcher numerous advantages .

The subject targets :

1-The collection of the Hadiths that supports them Abu Na'im in the sheikhs ornament book in the definite department in the message address, and the interpretation of the Hadiths Almala a scientific interpretation, with the view in the coming difference between the Hadith narrators Almal, and the clarification of the preponderant face from the difference faces then the judgement on the preponderant face from them .

2-The notification by Ubay Na'im 's method is in the vowelization of the talks .

The previous studies :

He cared The scientists in the past by the sheikhs ornament religious school with its summarization as the elite elite writers of Ibn Al-Gouzeyy, and the arrangement of its Hadiths on the threshold of the understanding as the demand approximation book with the arrangement of the ornament Hadiths to Lhithmi .

And as for The new studies he has risen One of the betters and he is the sheikh : Nasser Bin Abd Al Latif Aba Btin with the recording of the doctoral thesis subject in the Sunna department and its sciences by the Faculty of Jurisprudence by the Islamic imam Mohammad Bin Saud 's university By an address : the Hadith Marfu' are Almala in the sheikhs ornament book of Ubay Na'im Al-Asbahani from the first of the book To the end of the translation of imam Al-Zaheri Fridays and an interpretation and a study, and this part includes the three first parts from the book .

And my message is complementary to what the previous researcher started in the collection of rest talks Almala in the sheikhs ornament book, and its study .

The research plan :

The message contains on : -

A presenter, and a preparation, and two departments, and an end, and indexes .

The introduction ; and in it :

The importance of the subject, and the reasons of its choice, and the total study plan, and the talks study curriculum is Almala .

The introduction : and in it three topics :

The first topic : the notification of the disease a language, and a term .

The second topic : the importance of the causes science, and the interest of its study .

The third topic : the cause ways .

The first part : the notification by the author, and by his writers the ornament, and the clarification of its method in the criticism of the Hadiths .

And in it three chapters :

The first class : the notification is by Ubay Na'im Al-Asbahani .

And in it seven topics :

The first topic : its name, and its kinship, and its nickname .

The second topic : its birth, and its emergence .

The third topic : its request the science, and its trips are in it .

The fourth topic : its more prominent sheikhs and its pupils .

The fifth topic : its position, and its scientific compositions .

The sixth topic : its dogma, and the juristic doctrine .

The seventh topic : its death .

The second class : the notification is by the sheikhs ornament book .

And in it three topics :

The first topic : the book title, and its attribution to its author, and his subject .

The second topic : the scientific book value, and the care of the scientists for it .

The third topic : the seeded method in the book a summarization .

The third chapter : Ubay Na'im 's method in the vowelization of the talks throughout the study talks .

And in it two topics :

The first topic : its method is in a vowelization Sind .

The second topic : its method is in the vowelization of the text .

The second part :

The Hadith Marfu' are Al-mala in writers ((the sheikhs ornament)) from Taos Bin Kisan 's translation to the end of Msar Bin Kdam 's translation Fridays and an interpretation and a study .

The end : it mentioned in it the more important results of the thesis .
