## Thesis Abstract

This study aims to identify the educational thought of Shaikh Othman Al-Salih.

The researcher used the documental approach to collect all material connected with subject of research like documents and old or new records.

The tool of research is a legal interview card to collect data about Shaikh Othman Thoughts from his family members and students. Since the deceased Shaikh Othman did not leave behind any intellectual heritage in the form of publications, but only scattered essays scattered in numerous old journals and magazines, the researcher collected them and produced the thoughts of Shaikh Othman out of them.

The most important results reached by the researcher are:

- Shaikh Othman is a celebrated pioneer of educational renaissance in the Kingdom of Saudi Arabia and his students have assumed leading jobs servicing Saudi Society.
- Shaikh Othman has numerous principles and opinions in educational fields, which mostly conform with modern educational theories and modern administration.
- Model Capital Institute is considered as the first modern principal school in Riyadh.
- Al-Krimat Institute is the first girls school in the Kingdom.

The researcher recommends as follows:

- Printing and Publishing of Shaikh Othman articles

- Necessity of teaching Quran, Arabic dictation, calligraphy in all phases concentrating on primary phases.
- The ideal teacher and outstanding student should be awarded morally and financially.
