

University Advisory Board

Vision

IMSIU Advisory Board should be the ideal partner in making distinguished decisions in the decision-making process of the university at the national level.

Mission

IMSIU Advisory Board seeks to involve prominent national and international competencies in various fields, in decision-making process and contribution in developing scientific, research and service programs that fulfils the mission of the university and achieve its strategic directions in education, research and community service.

Objectives

- 1- Fulfill the university's strategic goals and realizing its mission and vision by involving the members of the Board in the decision-making process.
- 2- Achieve effective communication between the university and icons in society who have experience and competence.
- 3- Explore the different views on what the university offers to the nation in terms of scientific and research programs and services to the community, and work on improving them.
- 4- Connect the community with the university and its various activities, in which contributes to the fulfilment of university's goals and serves the community.
- 5- Achieve mutual cooperation between the university and the community institutions and its professional sectors, both governmental and private, to support the university's outputs and improve its performance.
- 6- To guide future policies of the University

University Advisory Board Members

We await the response of members who are candidates from outside the university, in order to present it to the university council for final approval.
